

Spice Island Hotel & Resort

Spend a relaxing holiday in Zanzibar and escape from your everyday life. You will be enchanted by the beautiful beaches, tropical vegetation and the mixture of Arab, African, Indian and European culture as it has enchanted us.

The island is located 40 km away from the Tanzanian mainland in the Indian Ocean. As a former centre of spice trading, the island is still known for its spice farms where cloves, nutmeg, lemongrass, chili, pepper, cinnamon and many others are grown.

The Spice Island Hotel & Resort is located in the southeast of the island between the two traditional villages Paje and Jambiani. The hotel combines the beauty and the exotic of the archipelago with relaxation and culture, as well as sports and indulgence. Closely integrated into the local structures of Zanzibar you can experience international and local cuisine nicely prepared and presented. The complex is surrounded by a large botanical garden of 36000 sqm. The generosity of the plot allows you to experience undisturbed family, recreational and active holidays or your honeymoon with unforgettable romantic.

Location: In the immediate vicinity is one of the best kite spots in the world, the lagoon of Paje and Jambiani. We are located at the beach area Kibigija.

Facilities: Restaurant, bar, lounge, snack kitchen on the Jetti. Large swimming pool and private beach area. Garden, spa, water sports center.

Rooms: Enjoy your holidays in typical Zanzibarian rooms, first-class comfort with typical furnishings. On generous 53 sqm with private terrace (17sqm) you can retreat yourself in peace and relax. The rooms have a natural character and a bright and airy feel. All are beautifully decorated and fully equipped with a unique blend of Zanzibar furniture, trendy colors, air conditioning, ceiling fans and safety box. The bathrooms have very good facilities with open showers and a separate toilet.

The hotel has 34 apartment-rooms. In each bungalow two rooms are housed, each having separate entrances and private patios. The bungalows are nestled in a 36,000 square meter botanical park, thrive in the more than 3,000 exotic trees, plants and flowers.
