GENERAL INFORMATION	
<p>Our holiday village, located on one of the most beautiful Blue Flag beaches in the Aegean, is 7 km away from Turkey's first Citta Slow (Slow City), Seferihisar, and 2 km from the enchanting fishing town of Sığacık, which has been featured in captivating films. The transportation time from Izmir Airport is less than an hour. Situated on a peninsula with an area equivalent to 10 football fields, the rooms in the facility are scattered in 2-3 story bungalows with balconies or terraces embracing nature. The 478 rooms, varying in size and offering views of the sea, pool, or garden, accept pets for an additional fee in rooms designated by us. The breathtaking view is surrounded by the natural, clean, untouched Teos Bay and Seferihisar bays. The 1.6 km walking trail is set within a garden resembling a botanical park. Club Resort Atlantis is a pioneer in sustainable tourism in the Aegean region. Guests are offered healthy, local, fresh, and delicious flavors throughout the season with olives, citrus fruits, and organic vegetables grown in the gardens. The facility features multiple restaurants and bars, a reception, shops, a hammam, spa, hairdresser, sauna, fitness center, 3 large swimming pools (saltwater pool, activity pool with slides, and a quiet pool), a baby pool, a baby care center, a mini club, a fairy tale world, an amphitheater, a sandy beach, sunbathing terraces, a diving school (CMAS, PADI, SSI), a windsurfing school, water sports, meeting rooms, and parking. Club Resort Atlantis offers the opportunity to create unforgettable memories as a family. Throughout the season, sports activities, entertainment, live music performances, craft workshops, outdoor exhibitions, and famous Sığacık market visits, Teos ancient city tours, day trips to the Greek island of Samos by ferry, and boat tours exploring the beautiful bays of Sığacık bay are offered within walking distance of the facility. With the Holiday Project on stage, artists give concerts in various corners of the holiday village, enjoying their holidays with their families at the same time. With its nature-friendly architecture, natural breeze, extensive social facilities spread over 100,000 m2, bungalow-type rooms with separate entrances, and a variety of services, Club Resort Atlantis is a Safe Tourism Certified holiday village. As of 2024, the facility will take a significant step towards being environmentally friendly by meeting its entire electricity consumption through solar panels.</p>
